Steam Walk

By: Lily Mann

If you didn't go to the Steam Walk then you made a bad decision because they had secrets and you can make a lightsaber with straws and lights. There were drones that you could code and fly. Also if you went to Hopewell Elementary there was a computer teacher. Her name was Mrs. Daly who was helping with computers to go on code.org, which is a coding site. You can have cookies there and they were delicious. Also you can make a little tiny spaceship that was cool. There was paper and cardboard to make the spaceship, and this guy was there and he pumped it up air and you have to push a button to launch it. It was pretty fun. So that is it from the Steam Walk.

Morris Morrison
By: Orianna Oudit

Morris Morrison came to the high school he talked to 6th through 8th. He was very nice, funny, and inspiring. It was sad to hear some parts of his life but very cool to hear. It made me feel really good, happy, inspired, and better about myself.

Ok, For this edition I'll talk about the Anderson's candy fundraiser. If you ask me I'll say YES to buying some. It's super good. It's for a good cause, I promise you that. I hope you'll buy chocolate! (Or give me chocolate. I think I'd like that better.)

Aliens
By Kora Eaton

Aliens, are they real? I, Kora Eaton, am researching this. If you don't believe in aliens, you might after reading this. Some might know that aliens might be real which is likely.

Those who don't, read this. I will also be doing research on crop circles in another article. So, on to the aliens, this will be some info found in 2017. Scientists keep finding earth-like planets. This might be one of the reasons we believe in aliens. We might even find some other life in a "Goldilocks Zone." This is an area that is not too hot or too cold to support liquid needed for life. There are also the Men in Black (MIB), these people (or aliens?) are reported to come if someone starts to figure them out. I don't know if they have ever physically hurt anyone but I'll try to find out. Do you believe in aliens?

According to Sam Monfort, a doctoral student in Human Factors and Applied Cognition at George Mason University, UFO sightings are at an all-time high.

Fortnite

By: Chris Pollick

Fortnite Battle Royale is a free 100-player online PvP game made by Epic Games and Gearbox Software with one giant map and a battle bus that you jump out of from the sky. Fortnite uses building skills and has environments you can destroy. You arm yourself and go after the other players. You can build stairs and walls to climb and protect yourself. There are chests everywhere and they have loot. The last one standing wins. It is available on PC, PlayStation 4, Xbox One and Mac.

There are three different game modes in Fortnite. One of the game modes is free-for-all where it is you versus everybody. The next game mode is duo where everybody has one teammate and you fight to defeat the other teams. The last game mode is squads where you team up with three other people and try to destroy the other teams. There are so many different places to land. My favorite place to land is the Wailing Woods. It has good loot there.

I highly recommend Fortnite if you like games that are action-packed! Also you can now have a chance to get fortnite on mobile just go to <https://www.epicgames.com/fortnite/en-US/mobile/sign-up> to get a chance.

According to shacknews.com, Fortnite Battle Royale reached 40 million player just 100 days after it debuted!

Pac-Man

By Kora Eaton

Pac-Man is a old arcade game that I am sure many of you have heard of. There are 5 main characters:

- Pac-Man (DUH)
- Shadow/Blinky (red ghost)
- Speedy/Pinky (pink ghost)
- Bashful/Inky (blue ghost)
- Pokey/Clyde (orange ghost)

The ghosts (unlike Pac-Man) have roles and personalities, like Blinky is the fearless leader of the ghosts. But they are also all different, as Clyde is the least intelligent of the ghost bunch. And Pinky is smart and good at ambushing Pac-Man. And, of course, Inky tends to be a little off target, but watch out if he gets too close.

There's a Car in Orbit!

It's true! There is a car in outer space. Elon Musk, the young entrepreneur who founded PayPal, launched his own Tesla Roadster into space aboard the Space X's Falcon Heavy rocket on February 6, 2018. Even though Musk was wealthy enough to retire at the age of 32, he has become something of a visionary; his sights are set on Mars...and beyond.

The Bloody Mary Story

By Lily Mann

I hope you had a wonderful February because I know I did. Also I hope a it was scary one too because I am going to tell you the story about Bloody Mary in folklore. Experts traced this story back to the 1970s.

The story goes that Bloody Mary died at age 42 on November 17, 1558 in a fire. She died by a candle that she accidentally dropped on her dress. It caught on fire while she was standing in front of the mirror. While she was standing in in front the mirror she died.

I hope you liked my story about Bloody Mary.

Bloody Mary Challenge!

By Lily Mann

So my cousin did the Bloody Mary Challenge with me and it was really spooky. My cousin said Bloody Mary three times in the mirror. The first time there was nothing, but when I turned I saw a shadow figure in the bottom left. So if you do it, don't look in the mirror two times.

CREEPY PASTA!

It's me, Destiny, again. But this time, I'm talking about something more sinister...

Get ready for *Creepypasta*!!!

Creepypasta is a bunch of horror stories. Literally, this is the meaning of its name.

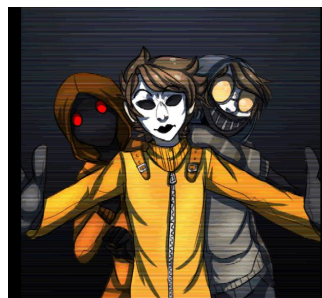

Creepypasta are essentially internet horror stories, passed around on forum and other sites to disturb and frighten readers. The name "**Creepypasta**" comes from the word "coppypasta," an internet slang term for a block of text that gets copied and pasted over and over again from website to website. One of the most popular is....Slender man! He is a tall being with suit on, a blank face, and tentacle like appendages growing from his back.

This is how you summon him:

1. How to summon him: (This works better at night)
2. Go into the woods, and carve a circle into a tree and put an X through it. press your face gently against the tree and close your eyes. ...
3. Chant: Slenderman, Slenderman, all the children try to run, Slenderman, Slenderman, to him it's part of the fun. ...
4. Then, turn around.

He has three proxys that will do anything he asks. They are Masky, Hoodie, and (my favorite of all cp) Ticci toby.

Left to right: Hoodie, masky, and ticci toby.

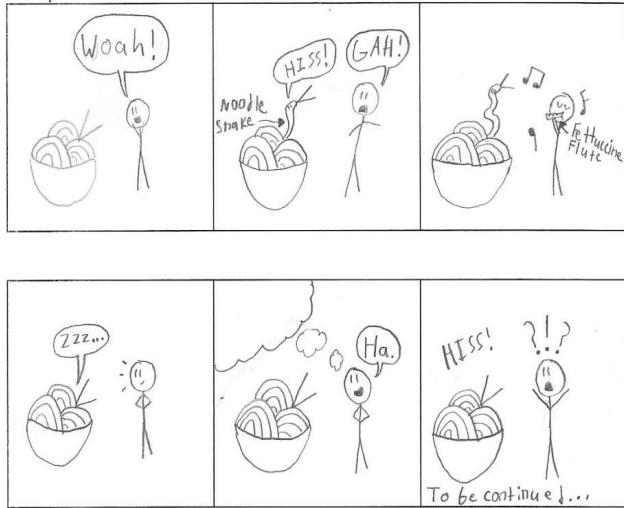

That's about it for today. Next time, we'll start with the other cps, like smile dog.

(BTW don't turn around. He's right there:D)
