(724) 375-0942 (FAX)

Dear Hopewell Community:

The Pennsylvania Department of Education requires school districts to develop a Special Education Plan Report every three years. The Hopewell Area School District recently completed this with committee members that included: five special education teachers, three regular education teachers, three administrators, two community representatives, a school nurse, a school psychologist, a parent and a special education director. The results of this special education review process are now available for public review.

These documents will be on display at Hopewell Area School District's Administrative Offices (2354 Brodhead Road, Aliquippa, PA 15001) for public review and comment from **Friday, March 16 through Friday, April 13, 2018**. Please send your written comments to utchell@hopewell.org or mail your written comments to Dr. Lynn Utchell, Director of Special Education at 2354 Brodhead Road, Aliquippa, PA 15001. The Hopewell Area School District Board of Directors will formally approve the district's Special Education Plan Report at its regularly scheduled meeting on **Monday, April 16, 2018**.

We welcome your comments and look forward to hearing from you.

Dr. Lynn Utchell
Director of Special Education
Hopewell Area School District
March 16, 2018

PURPOSE. PASSION. PRIDE.
